MEMORANDUM FOR THE RECORD

Morning Meeting of 21 June 1968

DD/I reported indications that the comparability study of NATO and Warsaw Pact forces proposed by Paul Warnke is unlikely to get off the ground.

DD/I referred to Ed Allen's Memorandum of Conversation between DDCI, Allen, and Under Secretary of the Treasury Joseph Barr concerning Treasury intelligence requirements and indicated that OER should be able to satisfy same, albeit with some reallocation of personnel resources.

DD/I provided copies of OCI's analysis of the Communists' Vietnam Alliance of National Democratic and Peace Forces and reported that copies will be sent to Walt Rostow and William Bundy among others.

Godfrey noted that the June enemy infiltration rate into South Vietnam is inching upward as more information comes to light.

Godfrey reported that the Department has created a task force to study student ferment and that Ambassador McGhee is its full-time chairman. Godfrey advised that the Agency's study on student ferment should be ready in approximately one month.

Godfrey reported that General Goodpaster is leaving Paris for his South Vietnam assignment.

D/ONE advised of a request from CINCLANT via DIA for an Estimate of the Soviet maritime challenge over the next decade.

Maury reported that next Tuesday is still firm for the Director's testimony before the Henderson subcommittee.

Maury noted that a date for appearing before the House Appropriations Committee has not yet been established.

Maury indicated that it appears as if the House Armed Services Committee's military procurement hearings will run through 4 July.
